Subject: Zoning Permit

Good Afternoon Mr. Stokes,

I have reviewed the Zoning Inspection Permit application that you submitted to our office and there are a couple of things that need to be addressed and remedied. The business street address shows that it falls within the Commercial Services Zoning District which requires a Zoning Appropriateness permit. Also, with the new application it will be required that you provide permission from the property owner that you are allowed to operate a business at the business street address provided. In addition, could you please clarify the exact nature of the operations that will be taking place at the proposed location.

Best regards,

James Gillie, CZA
